Important considerations regarding scheduling at FRHS:

- Please choose classes wisely. Staffing and resources are allocated based on your course selections, therefore requests for schedule repairs will be extremely limited.
- Signatures or recommendations for math, science, CP, and language classes must be obtained by the student's current 8th grade teacher in the applicable subject area.
- 9th grade students are recommended to register for 80 credits, a full schedule.
- FRHS cannot honor requests for specific teachers or periods.
- FRHS cannot guarantee the availability of all electives.
- FRHS must use alternate choices when scheduling conflicts.
- FRHS encourages all students to talk with their parents/guardians, current teachers, and counselors to ensure the most appropriate course selections.
